

Resetting the Timeline

(This information is an excerpt taken from Take Up Your Space Part 3 by Tammy Bruni)

When we have a traumatic experience or some tragedy happens to us, and we have tried to forget about it or remove that period of time from our life by whatever means, it is still going to have an impact on our lives. It will be like a log in a river that hinders the full flow of the river, and over time, more debris might be caught against the log, and eventually, it might even pollute the river or cause a blockage. So when something has happened to us and we do not allow healing to come and in essence, we reject that period of time on our timeline, it creates a breach

We need to bring healing to our timeline by introducing the Godhead into these timelines to purge, cleanse, and replace it.

Why do we need to introduce the Godhead (Father, Son and Holy Spirit) to these areas? Because by now we have established that often there is a feeling of *“God abandoned me, He did not help me”*. We need to introduce an alternative perspective on God’s goodness on the timeline.

I have often found that those whom I have worked with may have a good relationship with Jesus and identify with Him, but cannot accept God as a loving God. Or they are comforted by the Holy Spirit but do not have a relationship with Jesus or Father God.

We need to understand that God is all-knowing and, therefore, nothing that has happened to us escaped His attention. I agree with the school of thought that our lives were predestined before we came to the earth; we might have been part of agreeing to our assignment here and choosing to trust God, even though our circumstances would not be ideal. But God already had a plan and promised that He would be with us and there would always be a way made for us. His grace plays a huge role in that.

Arthur Burk⁹⁵ says this on this topic:

“My experience has been that God is a God who plans ahead and before the person had a bad experience, God was there with righteous experiences. Now I know some streams of theology might cringe over this, but this is tough. I have worked with any number of individuals whom I believe and they have had a visitation from God in the womb. So they come from heaven to earth, they discover the womb is nowhere near what they thought it would be like, it is a hostile environment and they are coming into a war zone, etc. and Jesus comes to them and says “Ok now that you see what things are like here, are you still willing to trust Me, are you still willing to walk this through and believe in Me?” How can He do that? Because they are still so young, they can still remember eternity, that spirit was created before the foundation of the world it has an immense data file from eternity before it came to earth. And from that place of abundance, that incredible data file in the spirit, not the soul, of the reality of God in heaven, it is able to pledge allegiance once again to Jesus Christ and say “Yes”.”

If we continue to avoid what happened to us by whatever means of escapism, we add to the debris piling up against that log. Dissociation can also be part of that log.

Every time that we are rejecting any part of our reality or something in our life, we are diminishing ourselves – Arthur Burk.

The traumatic things that happen to us, like molestation or abuse, should not have happened and it is not God's will. However, He is a transforming God, and any brokenness He can heal can be used as an asset to the Kingdom. Often, we would not be the person we are if we had not been through adverse life circumstances. It shapes us and has the ability to take us from glory to glory. We can ask for cleansing and resetting of our timeline so these things need no longer be hindrances. But we first need to allow the healing to come, to remove the log and the debris so our time ahead can flow in time with God's timeline for our lives.

Resetting Time from The Courts of Heaven

We discussed counterfeit timelines in Part 2. We established how the enemy hijacks our timeline through timeline trauma. We need to reset time so that what the enemy was successful in doing by disrupting the timing of God can be reset. God wants to take you out of the *grind* that is, working real hard without seeing anything. He wants us to go back into sync so everything can flow together and we can see lots of fruits.

In Daniel 7v25-27, the Lord is unveiling some of the tactics of the enemy.

*“He will speak against the Most High and oppress His holy people and try to **change the set times and the laws**. The holy people will be delivered into his hands for a time, times and half a time. But the court will sit, and his power will be taken away and completely destroyed forever. Then the sovereignty, power and greatness of all the kingdoms under heaven will be handed over to the holy people of the Most High. His kingdom will be an everlasting kingdom, and all rulers will worship and obey Him.”*

The anti-Christ spirit shall intend to change times and laws, so the intention of this spirit is to alter the appointed timing of God.

Proverbs 13v12 “Hope deferred makes the heart sick but when the desire comes, it is a tree of life.” When the enemy comes to change timing, something that needs to happen does not and we end up in the grind and not in the groove. Hope deferred sets in because of the disruption of God's timing.

Daniel 7v26 “But the courts were seated and the books were open.”

Courts of heaven are in the third heaven (Psalm 24). Mount Zion is a spiritual dimension – the place of His presence and glory. We are seated in the spirit where He is. By His blood, we have been positioned in the spiritual realm. We are seated with Him because we are part of that activity. We have a position in the spirit even though we are in the natural. The court was seated – that is us. If we are going to deal with the intention of the devil to disrupt timing, we must step into the courtroom. We need to know how to go into the courts to reset the timing to God's intention. We need to reset timing in all areas, personal, family, community, nation, and country. We go in as His Ecclesia and get this reset.

Why does the devil want to disrupt the timing of God? In order to postpone his judgment. He attempts to slow things down, so he can operate or be free for longer.

The fullness of God's purposes is attached to the condition and operation of the Ecclesia of the church. Jesus is sitting at the Father's right hand until the enemies are made His footstool. It is the church bringing things into being – not a date on the calendar. We see Jesus talking to the disciples and saying *pray that your flight is not in winter (Matthew 24v20)*. You cannot always stop what is coming, but you can change the effect it has on you.

Often, the Church has the view that because God is sovereign, whatever will be will be. But that is not the case. We are His representatives on earth and we determine the timing of God and so we must reset that timing. This is connected to the operation of His Church (Revelation 12v12). The devil knows

he has a short time – he will lengthen and prolong judgment if he can. If he can get the church out of sync with God's timing, he gets his way. Because he was able to disrupt time, everything became chaotic. So God's coming is not on a calendar, but it is when the church puts into place everything God has planned.

Our timing is important on a corporate level because we are all knit into the Body of Christ, the Church. We all have our roles to play, and the disruption of our timeline impacts the role we need to take up, which means there is a delay.

Examples of the enemy disrupting time:

Genesis 15v13 – God told Abraham Israel would come out of captivity in four hundred years but they came out four hundred and thirty years later (Exodus 14v12). The enemy prolonged their captivity. What would your life look like if something that was supposed to happen ten years ago happened? The enemy disrupts the timing around your life and it can take a completely different path. The enemy is often successful because of legal issues in the spiritual realm. We have to repent for not understanding that he was disrupting timing and accepting things as they were instead of challenging things in the spirit. Hope differed will try to settle. Why? Because grace is always attached with time. So because of the disruption, the level of grace is disrupted. Repent for accepting things the way they were. We need to discern what God is doing so that we can fight for that.

Numbers 14v33-34 – Israel was in the wilderness forty years longer. God sentenced them because of their evil report. Ten is the number of governments. The ten spies came back with a report and God rendered a verdict on that. They prophesied the wrong thing. We need to be careful what we prophesy because the timing of a nation can be disrupted. We need to repent for prophesying the wrong word we spoke and for believing it out of God's timing. One of the biggest problems in the Church is often wrong prophecies. Cities and nations are out of God's timing because the church is releasing the wrong word. We need to repent for this, for saying God wants to judge when He actually wants to give mercy. Go into the courts to cry for mercy because God is looking for a legal right to give mercy. Prophecy out of a heart that does not hear the right word brings disruption of time, the enemy takes these words. The higher the level of a prophet, the more the enemy takes their words and builds a case against them in court; he uses it as evidence, so negative things happen. We need to prophesy words that bring mercy. I have on several occasions had to cancel words spoken about individuals that they have believed, and it has brought destruction in their lives. It disrupted their timing and got them into situations that have caused delays in their life. They agreed with the word without testing it or holding on to it to see if it would be confirmed. Often, when our situations feel desperate, we will grab onto any word that sounds good to us and promises something better. But it might not be the case or it might be spoken out of God's timing.

The restoration of the temple and Israel in Haggai 1v2-4, was postponed for 12 years. In Zechariah 5, Zechariah sees a scroll coming out of heaven, a judgment against thieves and perjurers saying if you let this house be built, they will rebel. A decree was sent out to stop the process. Then they built their own houses because of the delay. They stole the resources and therefore the enemy had legal right to disrupt the timing. If we are guilty of taking the resources God gave us for His house, then we need to repent. If we have believed lies and this has caused us to stop building, the enemy can use this against us. We need to repent.

1 Thessalonians 2v18 – Paul was hindered by Satan. He disrupted timing at least twice Paul says “Satan kept me from getting to you”. So if it can happen to him, it can happen to you. This is a big thing the enemy uses to disrupt God’s plans and bring frustration to His people.

What is needed?

- A verdict in the appellate court for the overturning of the false verdict regarding timelines is needed.
- A subsequent verdict that all false ownership claims on false timelines be overturned.
- You will need to request destruction by fire of the ungodly timeline.
- You will need to request angelic activity for the smoothing of the timeline.
- You will need to ask for recompense to receive back what has been stolen due to the divergence that took place.
- You will need to come into agreement verbally to receive this back into your realm, and your Father’s timeline of fabric. You will need to make agreement with it.
- You will need to enforce the agreement from your realm, by your belief. Take it in faith that there has been a change, like a railroad track where you pull the lever and the track changed from one to another. This is a helpful visual to, to combat the lie of Satan, about his ability to keep you in an alternative, evil timeline.
- You need your mouth. You need your firm stance to declare you will only walk in and live and move and have your being through the Father’s righteous timeline and that every timeline disruption is cursed by God, in Jesus name.⁹⁷

How to reset time

We have to go to the Courts of Heaven as in Daniel 7. We have to go in and deal with it. Stealing, lies, wrong reports, etc, whatever God reveals. Repent in the courts to take away the legal right to mess with your timing. Ask for God to be merciful and bring you back into the timing of God.

You have to repent if you are going to undo the case, we need the blood of the Lamb. When we repent we come into agreement with the blood. The blood is speaking, it is still prophesying today. In the middle of that don’t let the enemy get you stuck in repentance, if you have repented of something and you keep repenting over and over so that you never move past to get the benefit of why Jesus died for you, the enemy is trapping you. For example, if there is violence in your bloodline and you have repented, and it keeps coming up, and you keep repenting, call into record the previous repentance that was kept in heaven, and it will be enough to silence the devil.

We should know that we are instrumental (2 Peter 3v10-12) looking for a hastening of the coming of the day of God. We are part of speeding up the timing of the coming of the Lord as it is connected to the church and not a day on the calendar. God says He commissions us to speed up the coming of the Lord. How? By becoming the Ecclesia that brings the enemy under the feet of the Lord (footstool). Joel 2v25 says that He will restore to you the years that were stolen. It does not move us back to that time – it relates to the productivity of the years lost – to give back what was lost.

Instead of taking 6 years, what you missed and lost in 2 years is called up. E.g. having to spend money and provide for a large family and there is no retirement fund, you can call it in.

Ask Him to make you a good steward so that He can restore in 3 years what you didn't have in 30 years.

Resetting God's timing can bring great fruitfulness on such a scale that we cannot imagine. (Ephesians 3v20-21). In the Word, we see Peter fishing and Jesus said that he must cast nets on the other side. They then caught such a great catch, this was money, not souls, as the common interpretation is. It was their livelihood. He only let down one net instead of multiple nets, he did not believe the Lord. If he had set down more nets, he would probably have been have been set for life.

God brings restoration to productivity of lost years. When the enemy disrupts timing, loss always occurs and that is what makes it painful. We lose something we were supposed to have. God wants to bring us back to this timing so that we can see the fruitfulness of God. He wants to expand and move His people. It is time to get out of transition – which is a code word for Satan has messed with timing. Satan has had his way too long. When there are things falling apart, it is a demonic thing of Satan disrupting timing.

Personal prayer:

Father God, I bring my timelines before you today. I confess my sin, I confess my forefather's sins and repent and I invoke Your example Jesus. Thank You that You intercede for me. I bring the life of Christ to bear against what has allowed our time to be defiled.

I repent Lord where I have not operated in gratefulness on the timeline You have given me. Where I have been ignorant of the time You have given and been ignorant of Satan's devices in causing delays and distractions from the purposes of God on my timeline. I repent where I have not sought revelation about these things so that I might bring them to You quickly. I repent where I have put comfort before calling and disrupted my own timelines when I was meant to building Your Kingdom.

I confess it as sin, mine and my bloodlines, in the name of Jesus and ask that You would cover this with the blood of Your Son Jesus.

I request the overturning and cancellation of any and all counterfeit timelines and the ownership of those timelines. I ask that the ownership and design of my timeline would be given to the Lord Jesus Christ. I ask that where trauma has come in to disrupt the timeline and throw me into another timeline dimension, that every part that has been taken captive in those places will be rescued by the angels of God and healed and restored to me spirit soul and body. I bind every demonic gatekeeper and guard on my timeline in every age, timeline, realm and dimension.

I ask that nothing will be kept hidden but by the mighty light of God, everything will be exposed for healing, restoration and redemption today.

I ask for the complete destruction by fire of every evil, corrupt time line and counterfeit evil timelines and I request the verdict will call upon a resetting of my timeline back into the design of the

Father's time as written by the Word of God before the foundation of the earth and as written in the Books of Heaven and as tied to my destiny as Your child.

I ask that every time loop that I am stuck in will be destroyed and that I will be propelled out by Your power and excelled into my destiny. I ask for a restitution, as these timelines are destroyed, and I include in this any ungodly trades that took place in my bloodline or in my own life that has affected me or my timeline.

I request a return from the moment the time was diverted through trauma or trades until now, which is the moment of revelation of what the thief has stolen, be returned to me seven-fold. Also in and in my body, soul and spirit, health returned fully seven-fold, trauma healed, and anything removed from the soul – that despair be turned to gladness, that hopelessness turn to faith achieved, that isolation turn to community connection; that all the God-given ability to operate from revelation that results in the work of my hands and the deeds of the mouth, that this be returned seven-fold. I request this in the name of Jesus.”

I request an alignment in the spirit, soul, and body realm to supernaturally be made whole, to supernaturally be aligned so that the perfection of body healing, soul trauma and spirit understanding would be returned to me in an instant. I request this in Jesus' name.

Corporate Prayer:

Ask for courts to open and by faith go in there and believe for timing to be reset.

Father, we want to thank You for all You have done for us, I'm asking that the Court of Heaven will open as we stand here, the doors of the courts will open. Thank you Lord that we can step into Your presence. Thank You for Your kindness. Thank You that the vengeance of the Lord will do this, He has been waiting for a people that He might do this, as much as the people have been wary and tired, He has been waiting for our petition to rid the judgments of the devils words.

We step into Your presence, we want to adore You and worship You, and even now, to say we are here to ask of You to reset timing in our lives, Your will be kind to us Lord, that Your mercy will come to us Lord, in all areas. We stand before You in Your courts that there will be a resetting of time. Everything the enemy has stolen to be restored to us, that time be reset and that there be a restoring of You by Your power and Your spirit for Your sake.

Lord, I am going to lay aside the desire for my own family. I am going to ask for a resetting of time for Your sake, for Your purposes on this earth. For Your sake Lord let this be done. That you would rise in judgment against the power of the enemy for Your sake, that the timing might be reset so that Your purposes be done on this earth. Even in (your country) for Your sake Lord. Lord let there even be judgments and verdicts against the spirit of the anti-christ, that You would come in Your kindness even as we stand before You. We ask for Your names sake Lord, asking for a resetting Lord. Asking that every leader in the church that has tried to take supremacy, we ask Lord that You would forgive and that Your divine purposes would come to pass, that every disruption of timing even of things that were supposed to happen years ago. We ask that this come into order, even for the church, Lord. As we stand before You in the Courts of Heaven, we thank You, God. We ask for healing and health in every area and also for financial issues, that timing be recorded and reset, right here where we stand.

Thank You Lord.
